MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT: CIA [REDACTED]

STAT

FOIAB3B1

1. Although (a) [REDACTED] participated in the Task Force assigned to a study of the various problems connected with the reassignment of personnel returning from overseas duty; and (b) the procedures prescribed in subject regulation are considered excellent for Agency components which have experienced difficulties because of the magnitude of their overseas returnee assignment program; [REDACTED] would very much prefer to continue its policy of correspondence between the Chief, [REDACTED] and the individual concerned. This has the advantage, to a small operation, of personal consideration and informality. It also minimizes the possibility of poor morale resulting from the inability of the Chief, [REDACTED] to comply with requests by field personnel for special reassignment or training which might be submitted in the proposed Field Reassignment Questionnaire.

2. It is, therefore, hoped that the attached proposed [REDACTED] Regulation will meet with the approval of the Regulations Control Staff. The proposed [REDACTED] Regulation has been mentioned to the Assistant Director for Personnel who expressed a desire to see it personally.
